## Level up with aktiv™ the fluid head built for speed.

When you have just one change to capture the perfect shot, mount, level and lock the revolutionary aktiv™ fluid head in seconds.

Sachtler's unique SpeedLevel™ and SpeedSwap™ technologies deliver the fastest way to place and position your camera; adjust the level in an instant without ever taking your eye off the action; get closer to the ground than ever before for extreme low-angle shots or swap between a tripod, slider, or hand held without missing a beat. Capture the widest range of shots in the shortest time with aktiv.

- **Level and lock your head in an instant without missing a second of action**  
Unique SpeedLevel™ technology
- **Visible from any height or angle - day or night**  
Innovative PrismBubble
- **Capture extreme low angle shots right down to the ground**  
Innovative streamlined mounting system
- **Switch between tripod and slider in seconds**  
Revolutionary SpeedSwap™ system
- **Create moving stories, whatever the weather.**  
Performance tested to the extreme

# Built for Speed.

## Level up and lock your head in an instant.

### Unique SpeedLevel™ technology.

Never miss the shot. aktiv™ fluid heads feature revolutionary SpeedLevel™ technology. Release, level, and lock your head tightly into the perfect position without missing a second of action.

## Visible from any height or angle - day or night.

### Innovative PrismBubble.

Clear confirmation that the camera is level comes from the illuminated PrismBubble visible from any height or angle – day or night.

## Capture extreme low-angle shots right down to the ground.

### Innovative streamlined mounting system.

Go lower than ever. aktiv™ and flowtech® combine to provide a flexible one tripod solution delivering the widest height range. With no bowl clamp required, aktiv™ heads allow flowtech® tripods to go flat to the ground for the perfect low-angle shot.

## Switch between tripod and slider in seconds.

### Revolutionary SpeedSwap™ system.

Stay fast for ultimate creativity. aktiv™ fluid heads feature the unique SpeedSwap™ system, allowing lightning-fast camera swaps from a tripod to a slider without missing a beat. The perfect camera movement is just a SpeedSwap™ away.
